

KULTURHOF STANGGASS

LOCATION
Bischofswiesen,
Germany

AN ARCHITECTURAL MASTERPIECE

.....

In the traditional Berchtesgaden valley, you will find the Stanggass Cultural Center, an architectural masterpiece.

The complex comprises various facilities such as a hotel, inn, banquet hall, barn buildings, sauna building, seminar house, and a studio-greenhouse. The design places particular emphasis on sustainability and innovative practices. The surfaces are made of natural materials like local wood and clay. The exposed wood gives the guest rooms and event spaces a relaxing atmosphere.

Of particular note is the grand hall, where the structure creates an inviting and light-filled ambiance.

PROJECT INFO

VOLUME OF KLH® – CLT
340 m³ / 2.735 m²

STORED CARBON
270 tonnes (Regrowth time in Austria – 6 min)

AWARDS

[Timber Construction Award Bavaria 2022 – Recognition](#)
[German Timber Construction Prize 2023 – Shortlist](#)
